THE MYTHOS SERIES
BALANCED ACCURACY, ELEGANT STYLING

MYTHOS ST-L

- Integrated, high-precision subwoofer system
- Ultra-high definition midrange BDSS drivers
- Pure magnesium dome tweeter for extended, nuanced highs
- Aircraft-grade extruded brushed aluminum enclosure and cast aluminum base

SUPREME, UNEQUALED AUDIO EXCELLENCE

The Mythos Series consists of slim, elegant speakers with aircraft grade Aluminum enclosures—all designed to match the styling of today's flat panel TVs. Available in space-saving on-wall, shelf-mount and floor-standing options for the ultimate in placement flexibility and ease, this series combines high tech cabinetry and drivers in a narrow form factor to produce a broad sound stage with precise imaging normally designated for ultra high-end speakers. As the zenith to the Mythos range, the Mythos SuperTower® gives you gut-thumping impact from its built-in SuperCube™ powered subwoofers for double the bass minus the clutter of having to add separate subs to your setup.
