

# NEW VISIONMOUNT® Super Slim Full-Motion Mounts

MODEL VLF311-B1

MODEL VMF308-B1

## SANUS introduces Super Slim mounts that offer full-motion movement

The SANUS VisionMount® VLF311 and VMF308 Super Slim full-motion mounts offer the best of both worlds: a low-profile appearance with full-motion capabilities. The VLF311 places ultra-thin and standard depth LCD, plasma and LED TVs just 1.25" from the wall while the VMF308 places TVs only 1.1" from the wall. The VLF311 and VMF308 also feature innovative technologies. With fingertip tilt, tilting motion is possible with just the touch of a finger, and a cutting edge gliding system ensures perfect TV placement by allowing the TV to shift left and right while extended out from the wall plate. A cable management guide ensures loose cables stay organized without compromising TV movement, and the VLF311 and VMF308 always have a finished appearance with decorative covers that conceal assembly and mounting hardware.

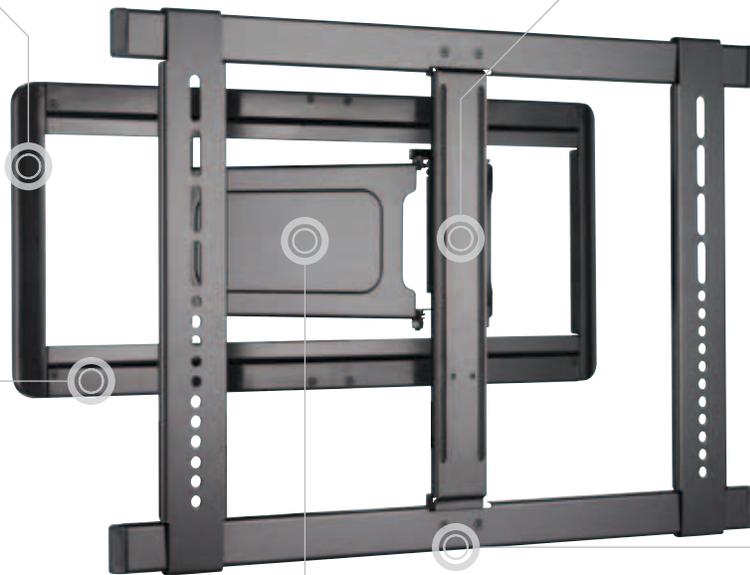

VLF311-B1 shown

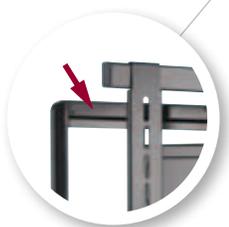

Super Slim full-motion mounts sit just 1.25" (VLF) and 1.1" (VMF) from wall to complement the sleek look of ultra-thin TVs

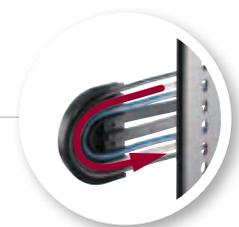

Fingertip tilt allows easy TV angle adjustments with the touch of a finger

MODEL VLF311-B1

Decorative cover conceals assembly and mounting hardware for a finished appearance

Cable management guide keeps loose cables organized for a clean appearance without compromising TV movement

Cutting-edge gliding system allows TV to extend out from the wall with ease and shift left or right on the wall plate for ideal placement
