

HDANYWHERE™

MORE RANGE WITH XTND

Introducing 4 new HDMI extenders, and an entirely new range, XTND can deliver HDMI up to 150m over Cat 6. The XTND collection offers two affordable 1080p (2K) models and two premium Ultra HD (4K) models, each with a bespoke feature-set such as HDR, audio return, bi-directional power and Fast Ethernet.

Built with an all-aluminum design, XTND are the lightest extenders in the world.
