

Introduction

Thank you for purchasing this Kinetik Labs product. This bracket must be constructed and mounted by a qualified builder or installer. Please keep away from animals and small children as this contains small parts, which could be swallowed.

Description

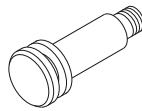

The KLIB-WB40L bracket is designed for wall mounting Loewe LED and LCD TVs that are fitted with VESA 200 / 300 / 400 mounting points.

Contents

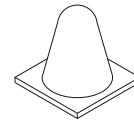

x1

Wall Plate

x2

Recess Screen Bolt

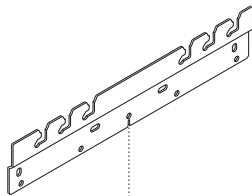

x2

Rubber Wall Rests

Instructions

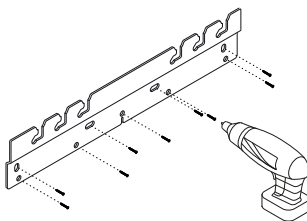

1.

Please note: Wall fixing screws are not included with this bracket. The screw type and size required are dependent on the wall material.

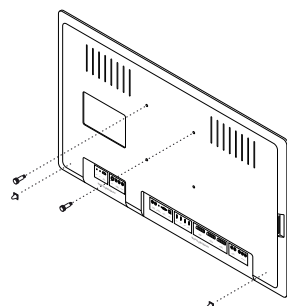

Locate where the screen is to be mounted and, by using the bracket centre point indicated, find the correct positioning for the wall plate.

2.

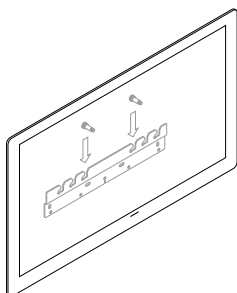

Using suitable screws, attach the wall plate to the surface. There are wider and taller screw holes for horizontal and level adjustment.

3.

Hand screw the bolts in the top screen mounting holes. Remove the backing from the rubber wall rests and attached them on the rear of the TV near the bottom left and right edges.

4.

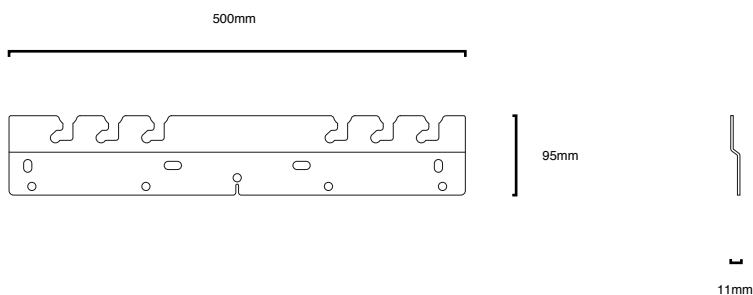

Lower the screen against the bracket as shown and hook the thin section of the bolts into the cut out...
