COMFORT ELECTRIC

All dimensions in this document are in mm.

ULTRA COMFORT ELECTRIC a perfect projection screen for your professional business or pleasurable home entertainment. The projection screen is refined in a shiny white finish and the steel casing has a subtle design with soft edges. Integrated universal end caps give you the choice to install the screen either on wall or ceiling. This electric projection screen is delivered with a user-friendly IR

remote control with the screen positions up – stop – down. The IR remote control is easily pinpointed to one specific place by using the included device holder. The screen surface is of a strong matt white front material with a black backing with a gain of 1.0. The result is a screen surface which reproduces an image with good colour rendition and clear contrast of white and black.

Screen Dimensions

Example – Ultra Comfort Electric Dimensions

Model: UCE180
Screen width: 1800mm
Total width: 1800mm + 91mm = 1891mm
Width between mounting holes:
