BASE PERFORMANCE  
SIMULATORS

## SINGLE SEATER RACE SIMULATOR

The Single Seater Race Simulator has a wraparound screen, which creates a fully immersive driving environment. This triple projector, single-seater simulator has been designed from the ground up by BPS to produce an interactive virtual reality to enable the driver to maximise both experience and potential.

### SUCCESS THROUGH SIMULATION

Base Performance Simulators (BPS) is one of the UK's leading simulation companies, led by three-time Le Mans winning Aston Martin factory driver, Darren Turner.

BPS use their knowledge and experience of professional simulation and racing to create bespoke simulators for racing teams, professional drivers, and amateur enthusiasts.

### SINGLE SEATER SIMULATORS INCLUDE:

- Bespoke BPS 2-pedal box system
- Electronically adjustable sliding pedal box
- Wide choice of steering wheels, including XAP steering wheel with integrated LED display & shift lights
- 25Nm direct drive steering motor, capable of delivering detailed force feedback & replicating the real steering torque from any race car
- Fitted with FIA extraction style seat insert
- MOOG 6-DOF motion platform available as an option

PRICE: POA

Interested parties are welcome to visit Base Performances facility near Banbury in Oxfordshire where you can see the BPS GT simulator in action. By appointment only - Please contact AWE sales to book or to chat to one of the team.
