

# MRZ-260

ZigBee® RF to IR base station.

The MRZ-260 is an addressable ZigBee RF Base Station with integrated antenna. It offers four (4) independently routed IR outputs (two adjustable and two fixed) and can be coupled with the new RFTX-1 to control URC Lighting Control products.

Combined with MX-880Z, the MRZ-260 prevents RF collision caused by simultaneous button presses. It features a fixed antenna, built-in front panel IR blaster and includes mounting bracket and power supply.
