

# MRX-15 | ADVANCED SYSTEM CONTROLLER

## Advanced Network System Controller

## OVERVIEW

This high-performance advanced system controller is the primary processor for the Total Control system. It delivers rock-solid control and automation for your commercial and residential installations. The powerful MRX-15 provides two-way communication with the family of Total Control user interfaces – tabletop controllers, in-wall touchscreens, handheld remotes and keypads.

- Primary processor for IP, IR, RS-232, sensor, relay and 12V
- Provides two-way control of Total Control and compatible third-party devices
- Stores and issues complex control and automation commands
- Two programming options – Accelerator 2.0 for quick, template-based custom graphics and TC Flex 2.0 for completely customized graphics
- Supports off-site programming
- Integrates with Amazon Alexa and Google Assistant for voice control
- Features signature Total Control front panel with LED lighting, rack mountable

## HIGHLIGHTS

Relay	Two relays configurable to NO, NC or COM
12V Out	Two 12V outputs programmable to turn on/off, momentary toggle
Sensor	Four programmable sensor ports, compatible with all URC sensors
Power	For included power supply
Network	RJ45 10/100/1000 (gigabit) Ethernet port
IR	Eight standard 3.5mm IR emitter ports with variable output level
RS-232	Four RS-232 Serial ports (TX, RX, GND)
Indicator LEDs	Power and Ethernet

## SPECIFICATIONS

### SKU

MRX-15, UPC 656787-377158

### System

Total Control®

Professional programming required

### Compatible User Interfaces

TDC-9100, TDC-7100, TKP-9600, TKP-7600, TKP-5600, TKP-5500, TKP-100, TRC-1080, TRC-820

### In the Box

Controller, Ethernet cable, 8 IR emitters, AC adaptor, power cord, adjustment tool, rack mount ears

### Dimensions

17.83" W x 2.03" H x 8.3" D

### Weight

4.61 lbs.

### Warranty

3 year limited USA warranty
