## Hisense C1 Smart Projector Toolkit

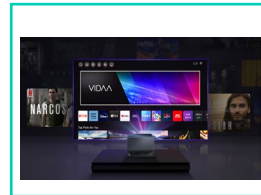

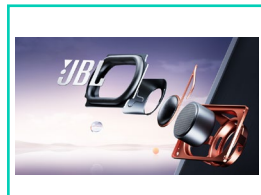

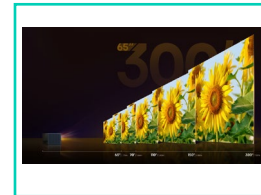

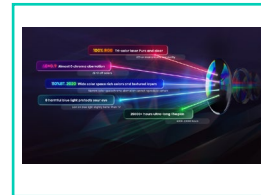

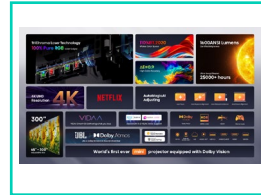

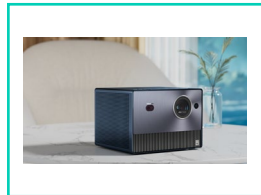

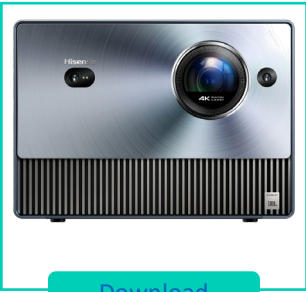

# Hisense C1 Mini Projector

Hisense

Introducing the Hisense C1 projector, with its impressive colour space of **110% BT.2020** it is a testament to its remarkable TriChroma laser engine that surpasses industry standards. With the Digital Lens Focus feature, the image is always crisp and clear, regardless of size, ranging from **65-inch to a massive 300-inch**. Thanks to its AI adjustment, setup is a breeze, leaving you with more time to fully immerse yourself in the viewing experience. To top it off, the C1 is certified by **Dolby Vision and Dolby Atmos**, it's built in speaker partnered with JBL to provide an immersive viewing experience that maximizes its potential for entertainment
